Independent Auditors' Report

Board of Directors
Windham Financial Services, Inc.

We have audited the accompanying statements of financial condition of Windham Financial Services, Inc. as of December 31, 2001 and 2000, and the related statements of income (loss), cash flows, and changes in stockholder's equity for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Windham Financial Services, Inc. as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I through III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WINDHAM FINANCIAL SERVICES, INC.

Notes to Financial Statements

(1) Description of Business Activity and Summary of Significant Accounting Policies

(a) Business Activity

On September 21, 1983 Windham Financial Services, Inc. (the "Company") was incorporated for the purpose of developing certain computerized market trading programs and acting as a Commodity Trading Advisor (CTA).

On December 30, 1988, the Company received an order granting registration pursuant to section 203 of the Investment Advisors Act of 1940 from the Securities and Exchange Commission as a Registered Investment Advisor (RIA).

In January 1994, as an extension to its advisory services, the Company became a member in the National Association of Securities Dealers (NASD). The Company is a member of NASD, Securities Investors Protection Corporation (SIPC), and the Municipal Securities Rulemaking Board (MSRB). The Company is also registered with the Securities and Exchange Commission (SEC) as a securities broker dealer. The Company is also registered and licensed with state regulatory agencies in jurisdictions where transactions occur.

The Company provides services to customers in the northeastern United States.

(b) Customer Accounts

The Company has registered as a Fully Disclosed Introducing Broker/Dealer that does not receive, directly or indirectly, or hold funds or securities for, or owe funds or securities to customers and does not carry accounts of or for customers. As such, the Company is exempt from the requirements of SEC Customer Protection Rule 15c3-3 and Rule 15c3-2 dealing with customers' notification of free credit balances.

All customer accounts are maintained by an independent clearing broker dealer who is responsible for all customer account record keeping under SEC Rules 15c3-2 and 15c3-3. Customers' securities transactions are recorded on a settlement date basis with related commission income and expenses recorded on a trade date basis. Securities transactions of the Company are recorded on a trade date basis. Investment banking revenue is recorded as income in the period earned.

(c) Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

WINDHAM FINANCIAL SERVICES, INC.

Notes to Financial Statements

(1) *Description of Business Activity and Summary of Significant Accounting Policies* (continued)

(d) *Cash*

Cash consists of checking and savings accounts with financial institutions as well as investment cash balances maintained with a clearing broker.

(e) *Equipment*

Equipment is carried at cost. Depreciation is computed using the straight-line method over the estimated lives of the assets. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized. Deduction is made for retirements resulting from renewals and betterments.

(f) *Organization Costs*

Organization costs represent professional and registration fees associated with the commencement of broker-dealer activities by the Company and are being amortized over five years.

(g) *Advertising*

The Company expenses advertising costs the first time the advertising takes place.

(2) *Commissions Receivable*

Commissions receivable consist of commissions earned and due from the clearing broker, investment companies, life insurance companies and variable annuity distributors.

(3) *Furniture and Equipment*

Furniture and equipment are depreciated over five years, and consist of the following:

	2001	2000
Furniture and equipment	\$ 36,655	36,655
Less accumulated depreciation	(27,242)	(23,409)
	\$ 9,413	13,246

(4) *Income Taxes*

The Company's stockholder has elected S-Corporation status under provisions of the Internal Revenue Code. Income from corporations classified as S-Corporations is generally taxed at the shareholder level and, accordingly, the Company has not accrued any Federal or State income tax liability.

WINDHAM FINANCIAL SERVICES, INC.

Notes to Financial Statements

(5) **Commitments and Contingencies**

Commitments

The Company leases its main office space in Burlington, Vermont under a lease agreement which expires August 31, 2002 and requires monthly payments of \$1,438. Prior to relocating in September of 2001, the Company leased office space at \$3,275 per month. Rent expense under these leases for the years ended December 31, 2001 and 2000 amounted to \$29,917 and \$38,565, respectively.

The Company also leases two vehicles and certain equipment under non-cancelable operating leases. Rent expense under these leases amounted to \$9,763 and \$13,169 for the years ended December 31, 2001 and 2000, respectively.

At December 31, 2001 aggregate future annual rentals under non-cancelable operating leases are as follows:

2002	\$ 19,263
2003	<u>2,910</u>
	<u>\$ 22,173</u>

Contingencies

The Company is a defendant in a legal action brought before the NASD. The Company believes that an unfavorable outcome is unlikely in this matter and that any settlement beyond the limits of the Company's insurance coverage would not have a material adverse effect on the financial statements.

(6) **Liabilities Subordinated to Claims of General Creditors**

At December 31, 2001 and 2000 the Company had no liabilities subordinated to claims of general creditors.

(7) **Defined Contribution Retirement Plan**

The Company established a defined contribution retirement savings plan covering substantially all employees in 2001. Administrative costs amounted to \$1,465 and \$1,740 for the years ended December 31, 2001 and 2000, respectively. The Company made no contributions to the plan in 2001 or 2000. The plan was terminated in December 2001.

(8) **Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2001, the Company had net capital of \$97,335, which was \$92,335 in excess of its required net capital of \$5,000. The Company's net capital ratio was 0.211 to 1.

**Independent Auditors' Report on Internal Control Structure
Required by Securities and Exchange Commission Rule 17a-5**

Board of Directors
Windham Financial Services, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Windham Financial Services, Inc. (the Company), for the years ended December 31, 2001 and 2000, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2001 and 2000, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the New York Stock Exchange and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
